Definitions: LOQ = Limit of Quantitation, NT = Not Tested, ND = Not Detected, E Flag = Analyte exceeds calibration range. This product has been tested using valid testing methodologies and a quality system consistent with all state and national regulations. Unless otherwise stated all quality control samples performed within specifications established by the Laboratory. Values reported relate only to the product tested and to the samples as submitted by the client. Scissortail Labs makes no claims as to the efficacy, safety, or other risks associated with any detected or non-detected levels of any compounds reported herein. Measurements of uncertainty are available upon request; where a statement of conformity (Pass/Fail) is provided, the decision rule employed is based on Simple Acceptance, whether the result is below or above the regulatory limit.
